Tip-off Hotline for the Chamber of Mines Certificate of Competency (CoMCert) Examinations

The Minerals Council South Africa is responsible for the administration of examinations and issuing of the Chamber of Mines certificates of competency in Mine Environmental Control, Strata Control, Rock Mechanics (Rock Engineering) and Survey & Sampling.

In alignment with the values of the Minerals Council and to promote a culture of integrity, transparency, and accountability within the CoMCert Examinations the Minerals Council has implemented a **Tip-off Hotline for the CoMCert Examinations**.

The purpose of this tip-off hotline is to afford students, invigilators, examiners, moderators and any other relevant person/s an opportunity to confidentially and without fear or favour, report any fraud, corruption, dishonesty or any other matter that compromises the integrity of the CoMCert Examinations to the hotline.

We encourage you to make use of the **CoMCert Tip-off Hotline** whenever you witness or suspect any wrongdoing related to the CoMCert Examinations on landline **0800 118 998** or alternatively you can use email **COMCert@tip-offs.com**.

All matters that are reported are handled through an independent service provider and handled through the relevant governance structures of the Minerals Council and our members.

Yours sincerely

Mustak Ally
